

Maintenance Repair & Operations (MRO) Supplies

Machinery Group is premium MRO products supplier in the region where we provide technical support, local support and take care of the hassle to deliver products to your door at lower costs. MRO items we cater to are used in production and plant maintenance and can be items such as maintenance supplies, spare parts, and consumables used in the production process. Mostly the products consumed in the production process but which do not either become part of the end product or are not central to the firm's output.
